

What is the CLAT Syllabus 2026?

The CLAT 2026 syllabus consists of 5 sections which are English Language, Current Affairs including General Knowledge, Legal Reasoning, Logical Reasoning and Quantitative Techniques. In 2024, a change was implemented in the exam pattern by reducing the number of questions from 150 – 120. However, no expectations of change in the syllabus are kept this year. Students will be updated here if the syllabus gets updated or revised. The weightage, along with the insights of all five subjects, is given below.

Section	Number of Questions	Weightage
English Language	22-26 questions	20% of the paper
Current Affairs, including General Knowledge	28-32 questions	25% of the paper
Legal Reasoning	28-32 questions	25% of the paper
Logical Reasoning	22-26 questions	20% of the paper
Quantitative Techniques	10-14 questions	10% of the paper

Ques: What are the subjects in CLAT?

Ans: The CLAT (Common Law Admission Test) consists of five subjects:

- English Language
- Current Affairs (including General Knowledge)
- Legal Reasoning
- Logical Reasoning
- Quantitative Techniques.

The exam includes passage-based multiple-choice questions, and candidates are tested on their comprehension, analytical skills, awareness of current events, logical thinking, and basic mathematical ability.

Ques: Is CLAT easy to pass?

Ans: No, CLAT is not considered an easy exam; it's a highly competitive and challenging test that requires significant preparation.

- **High Competition:** There are thousands of aspirants for a much smaller number of seats at the top National Law Universities (NLUs).
- **Comprehensive Syllabus:** The exam covers a broad range of subjects, including English proficiency, general knowledge, legal aptitude, logical reasoning, and quantitative techniques.
- **Time Constraints:** The exam has a limited time duration, requiring effective time management and speed.
- **Integrated Skills:** Success requires developing critical thinking, strong reading comprehension, an understanding of legal concepts, and efficient problem-solving skills.

Ques: Is the CLAT UG syllabus similar to Class 12 subjects?

Ans: No. CLAT does not follow NCERT or any specific board syllabus. Instead, it tests skills like reading comprehension, reasoning, analytical ability, and awareness of current affairs. Basic Class 10-level Math is included.

Ques: Is 3 months enough for CLAT?

Ans: Yes, you can clear the CLAT exam in three months with a well-structured, strategic, and disciplined approach

- Focus on a consistent daily study plan
- Take regular mock tests to identify and address weak areas
- Understand the exam pattern and syllabus thoroughly.

Ques: What kind of Current Affairs/GK is asked in CLAT?

Ans: CLAT GK questions are passage-based and focus on recent events (national & international), awards, government schemes, treaties, legal developments, and important historical events linked to the news. Static GK is tested only if related to current events.

CLAT Syllabus 2026 Overview

Here is the new CLAT exam 2026 syllabus for preparation:

Section	Key Topics
English Language	– Reading Comprehension– Vocabulary – Synonyms – Antonyms – English Grammar– Tenses– Parts of Speech– Literary Devices
Current Affairs, including GK	– Constitution – International Relations – Indian Economy– History– Art & Culture– Current Events
Legal Reasoning	– Constitution– Contract Law– Tort Law– Criminal Laws– Family Law– Evidence Act– International Law
Logical Reasoning	– Critical Reasoning (Assumptions, Inference, Cause & Effect)– Analytical Reasoning (Blood Relations, Syllogisms)
Quantitative Techniques	– Data Interpretation– Percentage– Profit & Loss– Time & Work– Mensuration– Probability

CLAT Syllabus 2026: Key Areas

Now that we are aware of the CLAT exam syllabus 2026, let us check the key areas that one must prepare before taking the CLAT exam.

CLAT Syllabus for English Language

CLAT syllabus for English is designed to test a candidate's proficiency in comprehension, grammar, and vocabulary. With 22-26 questions in this section, it accounts for 20% of the exam.

Topic	Key Areas Covered
Reading Comprehension	Passages of ~450 words, main idea, tone, viewpoints, inferences, and summary questions

Vocabulary	– Synonyms– Antonyms– Root Words– Homophones– Idioms– Analogies– One word Substitutions
English Grammar	– Parts of Speech– Tenses– Modals– Conditionals– Phrasal Verbs– Determiners
Paragraph-Based Questions	– Para Jumbles– Para Completion– Para Summary
Literary Devices	Common literary terms and their applications

What is the CLAT 2026 Syllabus of “English Language”?

CLAT syllabus 2026 for English Language includes unseen passages like reading comprehension. This section also analyses students’ grammar skills. There will be 6 to 7 passages each with 450 words. Students need to analyze the passage and write the answers using their own perceptions.

- **Type of Questions Asked:** Comprehension-based MCQs.
- **Abilities Tested During the Exam:** Read and analyze comprehensive, argumentative and analytical passages and frame answers using own perspectives, summarize and draw conclusions, make a contrast between the viewpoints, grammar, and vocabulary skills to understand different phrases used in the passages.
- **Standard of Questions Asked:** Class 12th.
- **Weightage of Questions:** 20% (22-26 questions).
- **Topics to Focus:** Correcting incorrect grammar sentences, Synonyms and antonyms, Tenses, Fill in the Blanks, Spotting Grammatical Errors Active and passive voice.
- **Sources or Study Materials:** Journals, newspapers, magazines, articles, contemporary or historical fiction and non-fiction novels.

CLAT 2026 Syllabus for Current Affairs and GK

This section of CLAT Syllabus comprises 28-32 questions (25% of the exam), making it a high-weightage area. You must stay updated with daily events and understand key topics in history, economics, and the Constitution.

Topic	Key Areas Covered
Constitution of India	– President– Vice President– Parliament– Judiciary– Constitutional & Non-Constitutional Bodies– Centre-State Relations– Election System
Basics of International Relations	– India’s relations with neighboring countries and superpowers– Important international bodies– Major world disputes– Foreign policies
Basics of Economics	– Inflation– Banking– Union Budget– National Income– Economic Glossary– Money and Capital Markets– Economic Organizations and Reports

Important Current Events	– Environment– Science and Technology– Government Schemes– National and International Reports– Significant Developments
History	– Major historical events– Freedom struggles– Historical figures– Significant milestones.
Art and Culture	– Aspects of Indian art– Cultural heritage– Important works of literature, dance, and architecture

What is the CLAT Syllabus of “Current Affairs Including General Knowledge”?

This part of CLAT Syllabus tests how updated a student is with his/her General Knowledge and facts happening around. The questions can come from history, culture of India, economics, technology, and politics. Students can also be asked questions from outside India, i.e., International facts. Here will also be passages with 450 words each.

- **Type of Questions Asked:** Comprehension-based MCQs from Current Affairs and Static General Knowledge.
- **Abilities Tested During the Exam:** The section tests students’ awareness of current affairs, contemporary events, art and culture of India and International, historic events, continuing significance in the modern world, and International affairs.
- **Standard of Questions Asked:** Class 12th.
- **Weightage of Questions:** 25% (28-32 questions).
- **Topics to Focus:** Current Affairs and Arts and Culture of India and outside it; Technology; Sports, Awards, Accolades, and Accomplishments of India and International.
- **Sources or Study Materials:** Journals, newspapers, magazines with historical facts, history books, and articles.

CLAT Exam Syllabus for Logical Reasoning

CLAT Logical Reasoning comprises 22-26 questions (20% of the exam) and is pivotal for interpreting and analyzing arguments, patterns, and logical sequences.

Topic	Key Areas Covered
Critical Reasoning	– Evaluation of arguments– Assumptions– Inferences– Cause-effect relationships– Strengthening/weakening arguments– Resolving paradoxes
Analytical Reasoning	– Blood relations– Direction sense– Syllogisms– Coding-decoding– Seating arrangement– Calendars– Clocks
Course of Action	Logical decision-making based on given scenarios.
Flaw in Reasoning	Identification of logical fallacies in arguments.

Parallel Reasoning	Drawing analogies and recognizing similar logical structures.
--------------------	---

What is the CLAT 2026 Syllabus of “Logical Reasoning”?

This section of CLAT Syllabus will also have passages with 450 words each. Candidates need to read and reach the conclusion of an argument, draw relationships and analogies, and identify paradoxes or riddles.

- **Type of Questions Asked:** Comprehension-based MCQs.
- **Abilities Tested During the Exam:** Identify the arguments and reach a conclusion, and critically analyze the pattern of reasoning. Identify how conclusions may depend on particular evidence, and how conclusions can be strengthened or weakened as a consequence of an alteration of supporting facts. Infer what follows from the passage and apply these inferences to new situations. Find relationships, contradictions, and equivalences, and assess effectiveness.
- **Standard of Questions Asked:** Class 12th.
- **Weightage of Questions:** 20% (22-26 questions).
- **Topics to Focus:** Analogies Series, Seating arrangements, Syllogisms, Blood relations, Logical sequences and matching, Calendars and clocks.
- **Sources or Study Materials:** Fact-based situations, patterns, statements, and arguments.

CLAT Syllabus for Legal Reasoning

CLAT Legal Reasoning syllabus tests a candidate’s ability to understand legal principles and their application. With 28-32 questions (25% of the exam), it is one of the most crucial sections of CLAT exam syllabus.

Topic	Key Areas Covered
Constitution	– Basics of the Constitution– Fundamental Rights– Directive Principles– Emergency Provisions– Constitutional Doctrines
Contract Law	Types of contracts, offer, acceptance, consideration, capacity to contract, breach, and remedies.
Tort Law	Nature of torts, negligence, vicarious liability, defamation, nuisance, and trespass.
Criminal Law	Offenses like murder, theft, culpable homicide, sexual offenses, and defenses in criminal law.
Family Law	– Marriage law– Divorce law– Inheritance law– Adoption law– Maintenance law
Evidence Act	– Admissions– Confessions– Burden of proof– Estoppel– Dying declarations
International Law Basics	– Recognition of states– Refugee laws– Monism and dualism– International treaties

Other Law Basics	– Intellectual property rights– Arbitration– Data protection laws– Current legal issues
------------------	---

What is the CLAT Syllabus of “Legal Reasoning”?

There will be 6 to 7 passages of 450 words each in CLAT Syllabus for Legal Reasoning. No specific knowledge of the Law is required for this section. Candidates need to have factual knowledge to apply general principles for analyzing the passages.

- **Type of Questions Asked:** Comprehension-based MCQs.
- **Abilities Tested During the Exam:** Identification of arguments, rules set in the passage, apply the rules to decipher various situations, also understanding how changes in the rules can affect your interpretation.
- **Standard of Questions Asked:** Class 12th.
- **Weightage of Questions:** 25% (28-32 questions).
- **Topics to Focus:** Law of Torts, Contract Law, Indian Penal Code (IPC) and related concepts, Monism and Dualism, Personal laws- Special Marriage Act, Contract Act, Bigamy and Constitution Void and voidable Marriage, Law of writs, Penal law, Public international law, Juvenile Justice Act, Personal data protection bill.
- **Sources or Study Materials:** Legal Journals, case files, newspaper articles, editorials.

CLAT Syllabus 2026 for Quantitative Techniques

The CLAT Quantitative Techniques syllabus evaluates mathematical aptitude and data interpretation skills. With 10-14 questions (10% of the exam), this section of CLAT Syllabus focuses on Class 10-level mathematics and application-based problem-solving.

Topic	Key Areas Covered
Basic Calculations	– Squares– Square roots– Cubes– Cube roots– Multiplication and Division– Fractions– Rules of divisibility
Percentage and Ratios	– Percentage calculations– Ratio and proportion– Partnership– Averages– Ages
Profit and Loss	Calculating profit, loss, and discounts.
Interest Calculations	– Simple interest– Compound interest
Time and Work	Work efficiency, pipes and cistern problems.
Time, Speed, and Distance	Problems on trains, boats, and streams.
Mensuration	– Area of geometrical shapes– Volume of geometrical shapes– Surface area of geometrical shapes

Data Interpretation	– Tables– Charts– Graphs– Caselets.
Probability	– Basics of probability– Permutation– Combination

What is the CLAT Syllabus of “Quantitative Techniques”?

This part of CLAT Syllabus will include short sets of propositions or facts. The passages or questions will have textual representations of numerical information. Students need to apply mathematical operations by acquiring information and facts from the passages.

- Type of Questions Asked: Numericals with graphical, textual, and diagrammatic representations, followed by other questions.
- Abilities Tested During the Exam: Identify, manipulate the numerical information set in the passages. Use 10th standard perspectives for attempting the answers, including ratios and proportions, basic algebra, mensuration and statistical estimation.
- Standard of Questions Asked: Class 10th.
- Weightage of Questions: 10% (10-14 questions).
- Topics to Focus: Basic algebra, Ratios and proportions, Mensuration, Statistical estimation Algebra.
- Sources or Study Materials: Mathematics books of class 10th standard.

Ques: Is Mathematics compulsory in CLAT?

Ans: Yes, Mathematics is compulsory in CLAT syllabus. You do not need Class 11 or Class 12 Maths, but only basic arithmetic (up to Class 10) is asked. Around 10–14 questions are asked in the Quantitative Techniques section.

Ques. How is Legal Reasoning in CLAT UG different from CLAT PG?

Ans: The CLAT Legal Reasoning section for UG and PG are different. Here is how:

- **CLAT UG:** Tests legal reasoning skills using hypothetical situations and principles; no prior legal knowledge is required.
- **CLAT PG:** Focuses on the interpretation of legal passages, core law subjects, and applying advanced legal knowledge.

Ques: Is there any official syllabus PDF for CLAT?

Ans: The Consortium of NLUs (official body) does not release a detailed syllabus PDF. Instead, they provide sample papers, question formats, and subject-wise outlines. Aspirants rely on these and previous papers for guidance.

Ques: How should I prioritize sections while preparing for CLAT?

Ans: To prioritize sections in CLAT, you must be aware of the whole CLAT syllabus. Here is what you should prioritize:

- **For UG:** Focus more on Legal Reasoning & Current Affairs, as they carry the highest weight. Then prepare English, Logical Reasoning, and keep daily practice for Math.
- **For PG:** Prioritize Constitutional Law & Jurisprudence (they carry more weight), followed by other core law subjects.

CLAT Syllabus 2026: Subject-wise Weightage and Marks Distribution

In CLAT syllabus 2026, there will be a single paper with 120 multiple-choice questions in the exam. For every correct answer, candidates will be marked with +3 and -1 for incorrect answers. The question distribution along with weightage for all 5 subjects in the CLAT syllabus is as follows:

Subjects	Total Questions	Weightage in Percentage
English Language	22-26	20%
Current Affairs Including General Knowledge	28-32	25%
Legal Reasoning	28-32	25%
Logical Reasoning	22-26	22%
Quantitative Techniques	10-14	10%

Ques: Which subject has more weightage in CLAT?

Ans: The subjects with most weightage in CLAT syllabus are Current Affairs & General Knowledge and Legal reasoning.

Section	No. of Questions	Weightage (%)
Current Affairs & General Knowledge	35 – 39	23.33% – 26%
Logical Reasoning	28 – 32	18.66% – 21.33%
Legal Reasoning	35 – 39	23.33% – 26%
Quantitative Techniques (up to Class 10)	13 – 17	8.66% – 11.33%

Ques: What is the total marks distribution of CLAT exam?

Ans: There will be 120 questions in the CLAT UG exam, and students will receive 1 mark for each correct answer, for a total of 120 marks. In a similar way, there will be 120 questions in the CLAT PG exam, and each right response will have one mark, for a total of 120 points.

Ques: Which subject is hardest in CLAT?

Ans: Most students consider the Logical Reasoning and Quantitative Techniques sections to be the toughest in CLAT. That's because these areas demand conceptual clarity, quick problem-solving, and sharp analytical thinking.

Ques: Which is the easiest section in CLAT?

The English section is considered easy for CLAT. The Subject-Wise CLAT Exam Analysis are:

Section	No. of Questions	Level of Difficulty
English	30	Easy
Current Affairs, including General Knowledge	35	Easy

<i>Legal Reasoning</i>	<i>40</i>	<i>Moderate but lengthy</i>
<i>Logical Reasoning</i>	<i>30</i>	<i>Moderate</i>

Changes in the CLAT Syllabus 2026 Over the Years

CLAT syllabus has been revised multiple times over the years. The last time CLAT exam syllabus was changed was in 2024, when the number of questions was reduced to 120. Some of the changes that took place over the years are:

- Comprehension-based Questions – A few years back, CLAT was more about direct questions. Now, the CLAT 2026 syllabus focuses heavily on passages in English, Legal Reasoning, and Current Affairs, testing your ability to read, understand, and analyse.
- Smarter Current Affairs Sections – Instead of static GK, the syllabus now focuses on contemporary events, legal or social issues. This means reading quality newspapers is more important than facts.
- Legal reasoning without Legal knowledge – The CLAT syllabus shifted from expecting legal theory from students to testing their reasoning skills through legal principles mentioned in the question.
- Emphasis on Critical Reasoning – This CLAT syllabus section now includes more argument-based questions than before.
- Skill-based Approach – The overall CLAT syllabus has moved towards testing skills over learning. CLAT syllabus will now reward candidates who can think quickly and apply concepts rather than memorize them.

How to Prepare for CLAT 2026 Examination?

CLAT exam is one of the prestigious yet toughest entrance exams for students aspiring to study and pursue their careers in Law. However, with effective preparation strategies, students can obtain good marks in the examination:

- Whenever 40-50% of the syllabus is completed, start attempting mock tests, especially before 1-2 months of the exam. Our free [CLAT mock tests](#) provide full-length, subject-wise, chapter-wise tests and live quizzes also.
- Attempt section-wise tests through previous year questions whenever a particular topic of a subject is being completed. Use a timer and see how much time it is taking you to solve those questions.
- The most demanding thing for the exam is to have a strong command of vocabulary and develop reading habits. How can we do that? By reading various types of journals, editorials, articles, newspapers, novels, and magazines. For newspapers, follow the Hindu, The Times of India, The Indian Express, The Telegraph, etc.
- Check YouTube or connect with your teachers at respective coaching centers for doubt-clearing one-to-one mentorship sessions. Check the recommended books for all 5 subjects
- If students are making a study plan, it should be long-term. Changing study plans every 2 weeks or months will not be effective by any means.

How Can I Get 90-100 Attempts in CLAT?

Many toppers or students who cleared CLAT have advised that you should attempt at least 90-100 questions. In CLAT 2024 average number of students who attempted questions was 105-110. Attempting 90-100 questions in an exam like CLAT requires strategic preparation and effective test-taking techniques. Here are some key strategies:

Preparation Strategies

1. **Clear Fundamentals:** Strengthen your basics in all subjects. This includes grammar for English, legal principles for Legal Aptitude, and foundational concepts in Quantitative Techniques and Logical Reasoning.
2. **Practice Regularly:** Regular practice with previous years' mock tests and question papers is essential. This helps familiarize you with the exam pattern and question types.
3. **Time Management:** Allocate specific time slots to each section during your practice sessions to build speed and accuracy. For instance, you can allot 30 mins for English, 30 Minutes for CR, 10-12 Minutes for CA, 10-12 minutes for DI, and another 35-38 minutes for DI. Practicing under timed conditions can help in actual tests.
4. **Analyze Performance:** After each mock test, thoroughly analyze your performance. Identify your strengths and weaknesses, and focus on improving the areas where you are lagging.

Test-Taking Strategies

1. **Prioritize Sections:** Start with sections you are most confident in to secure easy marks quickly. This can boost your confidence and save time for tougher sections later.
2. **Skim and Scan:** For lengthy passages, such as in the English and Legal Reasoning sections, skim through the text to get the gist before diving into the questions. This saves time and improves comprehension.
3. **Intelligent Guessing:** If you are unsure about an answer, use elimination methods to narrow down your choices. Intelligent guessing can help maximize your score while minimizing negative marking risks.
4. **Stay Calm and Focused:** Maintain a calm demeanor throughout the test. Stress can impair judgment and slow you down, so practice relaxation techniques to stay focused under pressure.

When implemented effectively, these strategies can help you manage time more effectively and increase your chances of attempting more questions accurately in mock tests and actual exams.

How should a Beginner start preparing for CLAT Syllabus?

Before studying for any exam, you need to prepare yourself mentally. If you are a beginner and have no idea how to start preparing for the CLAT exam, check the points below to understand how to start your CLAT preparation.

- **Recognize Your Current Level:** Start preparing in 11th or 12th grade. Before beginning, take a diagnostic test to understand your current aptitude. CLAT tests aptitude, mental ability, and comprehension, not just knowledge.
- **Set a Target College and Score:** Decide which law school you want to attend based on your current level, location, affordability, and interest in law. Determine the score you need for your chosen college and focus on achieving that.
- **Gather Resources:** List all available study materials, including books, videos, previous years' papers, practice questions, and topper notes. Supplement coaching institute materials with self-study books.
- **Create a Timetable:** Allocate 3-4 hours daily for CLAT preparation, including ample breaks. Keep weekends free for extracurricular activities. Study and revise at the same time each day to build a routine.
- **Join a Coaching Institute:** Many students benefit from structured coaching programs that offer curated content, access to teachers, practice sessions, and mock tests. Coaching provides discipline and a structured approach to preparation.
- **Maximize Preparation:**

1. Preview content before class.
 2. Participate actively in class.
 3. Solve and review in-class exercises and practice questions.
 4. Take topic-wise tests after completing a topic and analyze your performance.
- **Mock Tests:** Take at least 50 mock tests in real exam conditions. Analyze your results to identify weaknesses and improve. Discuss your mistakes with mentors to enhance your understanding.
 - **Read Newspapers:** Regularly read newspapers like The Hindu, The Telegraph, Indian Express, and Times of India to improve current affairs knowledge and reading comprehension.

How to Prepare for CLAT Syllabus Subject-wise?

To prepare subject-wise, students need to identify which subject they can become an expertise in. If we consider CLAT subject-wise preparation, then:

- **For Quantitative Techniques:** Solve questions of the passages having factual information. Reading the passages can help students to tackle different scenarios of questions. Sharpen your mathematical skills by practicing class 10+2 books. Practice formula-based questions, solve previous year's questions, and attempt mock tests regularly.
- **For Logical Reasoning Preparation:** Read the passages carefully, skim the important points, learn the theme, and try to infer conclusions from them. Jot down the arguments and try to figure out what is pointing towards an agreement and what is towards conflict. Build time management skills by attempting Consortium's practice paper sets and mock tests regularly. Solve mock tests and previous year questions.
- **For Legal Reasoning Preparation:** In this section, the questions are mostly from the newspapers, case files, etc. There is no specific knowledge required in this part. Instead, students need to recognize the facts mentioned, and frame answers using the practical knowledge. Pick a topic and communicate with your friends, and sit for debates with your family. By doing this, students can set their perspective on their answers. Solve mock tests and previous year questions here also.
- **For General Knowledge Including Current Affairs Preparation:** For this, read in-depth current affairs of both India and of International also. Watch news, and read newspapers like The Indian Express, The Hindu, Times of India, etc. Candidates can also gather information from novels and magazines. However, whatever topics you are studying in GK, should be read in-depth. Attempt free online quizzes, solve previous year's question papers, and attempt mock tests.
- **For English Language Preparation:** Make a strong command of words to increase your vocabulary. Practice grammar and see where you are making mistakes. In the passage, concentrate on the 5Ws: Who, What, Why, When, & Where, and the paragraph conveys a single point of view in the English Language part. Read different books, stories, and analytical writings, attempt mock tests, and solve the previous year's questions.

What Books are Recommended for CLAT Examination 2026?

We have mentioned some recommended books that students can consider to ace their preparation:

Books	Author/ Publisher	Price
-------	-------------------	-------

Wiley's ExamXpert A Simpler Approach to Logical Reasoning	Amandeep Rajgotra, Pratik Pradhan	INR 375
Wiley's ExamXpert Legal Awareness & Legal Reasoning (LA & LR)	Amandeep Rajgotra, Danish Hasnain	INR 512
Quantitative Aptitude for Competitive Examination	R.S. Aggarwal	INR 597
Maths 30 Days Wonder	KJS Khurana, Rajeev Markanday, S Chand	INR 356
Pearson Guide to Quantitative Aptitude for Competitive Examinations	Dinesh Khattar	INR 399
A Modern Approach to Verbal & Non-Verbal Reasoning	R.S. Aggarwal	INR 609
Analytical Reasoning	M. K. Pandey	INR 306
A Modern Approach To Logical Reasoning	R.S. Aggarwal	INR 225
Legal Awareness and Legal Reasoning For the CLAT and LL.B. Entrance Examinations	A.P. Bhardwaj	INR 347
Universal's Guide to CLAT & LLB	Manish Arora	INR 699
Manorma Year Book 2024 Edition	Sonia Gandhi, Om Biria, Nitin Gadkari, S. Somnath, Amitabh Kant	NR 320
General Knowledge 2026 Edition	Tarun Goyal Classes	INR 191
Word Power Made Easy	Norman Lewis	INR 150

Objective General English	S.P. Bakshi	INR 250
---------------------------	-------------	------------
