

KCET 2026: Chapter-Wise Weightage

Knowing the topic/chapter-wise weightage helps students prepare the syllabus strategically. It will help you focus on high-weightage topics, and you can make your study plan more efficient and aligned with the exam pattern.

Physics

Chapter/Topic (Official List)	PUC Level	Estimated Weightage (%)	Expected Questions (out of 60)
Physical World & Measurement	1st	2-3%	1-2
Motion in a Straight Line/Plane	1st	5-7%	3-4
Laws of Motion	1st	5-7%	3-4
Work, Energy & Power	1st	4-5%	2-3
Gravitation	1st	7-8%	4-5
Thermodynamics	1st	5-7%	3-4
Oscillations & Waves	1st	5%	3
Electric Charges & Fields	2nd	6-8%	4-5
Electrostatic Potential & Capacitance	2nd	6-8%	4-5
Current Electricity	2nd	7-8%	4-5
Magnetic Effects of Current	2nd	4-6%	3-4
Electromagnetic Induction & AC	2nd	5-6%	3-4
Ray & Wave Optics	2nd	8-9%	5-6
Dual Nature & Modern Physics	2nd	6-8%	4-5
Semiconductors	2nd	4-5%	2-3

Chemistry

Chapter/Topic (Official List)	PUC Level	Estimated Weightage (%)	Expected Questions (out of 60)
Basic Concepts & Structure of Atom	1st	4-5%	2-3
Periodic Table & Bonding	1st	6-7%	4
States of Matter & Thermodynamics	1st	5-6%	3-4
Equilibrium & Redox	1st	5%	3
Hydrocarbons & Organic Basics	1st	5-6%	3-4
Solid State & Solutions	2nd	7%	4
Electrochemistry & Kinetics	2nd	6-7%	4
p-Block & d/f Block Elements	2nd	10-12%	6-7
Coordination Compounds	2nd	5%	3
Haloalkanes/Haloarenes & Alcohols/Phenols/Ethers	2nd	10-12%	6-7
Aldehydes/Ketones/Carboxylic Acids & Amines	2nd	12-15%	7-9
Biomolecules & Polymers	2nd	5-6%	3-4

Mathematics

Chapter/Topic (Official List)	PUC Level	Estimated Weightage (%)	Expected Questions (out of 60)
Trigonometric Functions	1st	8-10%	5-6
Complex Numbers & Quadratic Equations	1st	5-6%	3-4
Straight Lines & Conic Sections	1st	6-7%	4

Limits & Derivatives	1st	6-7%	4
Probability & Statistics	1st	4-5%	3
Integrals & Applications	2nd	8-9%	5
Differential Equations	2nd	5%	3
Matrices & Determinants	2nd	6-7%	4
Vectors & 3D Geometry	2nd	10-12%	6-7
Continuity/Differentiability	2nd	7-8%	4-5
Probability (Advanced)	2nd	6-7%	4

Biology

Chapter/Topic (Official List)	PUC Level	Estimated Weightage (%)	Expected Questions (out of 60)
Diversity & Classification	1st	5-6%	3-4
Cell Structure & Biomolecules	1st	6-7%	4
Plant/Animal Morphology/Anatomy	1st	8-10%	5-6
Photosynthesis/Respiration	1st	5%	3
Human Reproduction & Health	2nd	6-7%	4
Genetics & Molecular Inheritance	2nd	18-20%	11-12
Evolution & Human Physiology	2nd	20-25%	12-15
Biotechnology & Applications	2nd	5-6%	3-4
Ecology & Biodiversity	2nd	15-18%	9-11

KCET 2026: Changes Made in Syllabus

The syllabus for KCET 2026 has not been released yet by KEA. In 2025, some topics were added to the syllabus in Physics, Chemistry, and Biology. These topics are given below:

Experimental Skills in Physics as Unit X.

Principles related to Practical Chemistry as Unit XI in Chemistry.

Principles related to Experimental Biology as Unit VI in Biology.

KCET 2026: Exam Pattern

The KCET exam pattern will be similar to that of previous years, consisting of three parts: Physics, Chemistry, and Mathematics/Biology, each with 60 marks.

- Mode of Exam: Offline (Pen and Paper)
- Medium of exam: English and Kannada.
- Number of Sessions: 4 sessions in total: one for each subject.
- Total Questions: Each Session: 60 MCQs and 1 hour 20 minutes (80 Minutes) per section.
- Total Mark: (PCM): 180 marks (60 per subject x 1 mark each)
- Question Type: MCQs with 4 options and 1 correct answer.
- Marking Scheme: +1 mark for each correct answer and no negative marking for wrong answers.

KCET 2026: Best Books

The golden rule shared by toppers and experts is that students should start with NCERT textbooks as they cover 80-90% of the questions directly, and then move to KCET-specific reference [books](#) for practice.

Subject	Recommended Books
Physics	• NCERT Physics Textbooks (Class 11 & 12) • Concepts of Physics Vol. 1 & 2 – H.C. Verma • Understanding Physics series – D.C. Pandey
Chemistry	• NCERT Chemistry Textbooks (Class 11 & 12) • <i>Physical Chemistry</i> – O.P. Tandon • Organic Chemistry – Morrison & Boyd • Inorganic Chemistry – J.D. Lee
Mathematics	• NCERT Mathematics Textbooks (Class 11 & 12) • Objective Mathematics – R.D. Sharma • Higher Algebra – Hall & Knight
Biology	• NCERT Biology Textbooks (Class 11 & 12) • Objective Biology – Dinesh • Trueman's Biology (Vol. 1 & 2)

KCET 2026: Preparation Tips

KCET 2026 requires a disciplined [preparation](#) for at least 6 months. Given below is a plan for six months.

Timeline Division:

- Months 1-2: Build strong fundamentals using NCERT textbooks and clear the basic concepts.
- Months 3-4: Focus on advanced problem-solving and mastering important topics.
- Months 5-6: Intensive revision, full-length mocks, error analysis, and PYQs.

Daily Routine: Study consistently for 6-8 hours, giving around 2 hours per subject.

Subject-Specific Tips

- **Physics:** Daily numerical practice with strong conceptual understanding.
- **Chemistry:** Use flashcards for reactions and periodic tables.
- **Mathematics:** Create formula sheets and practice questions in a time-bound manner.
- **Biology:** Master diagrams and use mnemonics for better retention.
